

## **Covering Letter**

This paper describes Buton, which in the past was one of the empire in the archipelago, which in the implementation of community life on the run based on Islam. This is understandable because of the incessant process of Islamization in time. Islamization process is partly done by pouring the teachings of Islam through creative writing. The works of the old writings were later called script. In these texts, reflected ideas, values, and norms of regulation, which is a series of abstract concepts about what is important in life, such as the pattern of life, activities, thoughts and feelings, and attitudes of his life.

Various ideas, values, and norms that rule retained its relevance to contemporary life. Therefore, it is necessary diapreasiasi variety of information in the past that is able to express thoughts, views, and values that have lived and grown in community supporters, so it can be authorized in managing today's life in doing mental revolution as a result of the resistance of the association global. In this case, it is necessary understanding of the content of the manuscript.

A Greeting,

Ali Rosdin
